

CTI Professional Flight Training Academy offers endless possibilities and ultimate flexibility to the college student considering a career as an airline pilot. With a large fleet of new aircraft and a full staff of Certified Flight Instructors, CTI PFT can accommodate almost any schedule. We even offer special programs that allow you to build flight time during off-peak hours at a fraction of the cost. This handout demonstrates two routes designed specifically to help the college student get to the Captain's seat efficiently. Our professional staff are also experts at assisting you with finding the best scholarships, grants, and student loan financing opportunities for your situation. Consider **CTI** your aviation partner.
